WHAT IF WE DON'T STOCK WHAT YOUR LOOKING FOR?

If we don't currently stock what you are looking for we will always do our best to source it for you. We have an extremely wide range of suppliers, and we are usually able to source 'non-stock' products from one of them. If we get sufficient enquiries for a new product we will usually consider adding it to our stock range (as we did recently with grano dust and the SuDS sub-base products for permeable paving).
